

iDefend It's Your Identity– Defend it.

True identity protection for you and your family.

You hear the horror stories. You see the news. Identity theft has become the greatest threat to your personal privacy and your financial security. It's a problem you can't afford to ignore.

What is true identity protection? It's:

- Protecting your **whole identity**, not just your **credit**.
- Protection for your **entire family** including **children**.
- Full identity monitoring – proactively watching out for **all forms of identity theft**, including credit fraud.
- Having a **truly comprehensive identity recovery service** – in the event the unthinkable should happen.
- Having trained professionals **handle it all for you** from beginning to end.

The iDefend service includes:

Credit Watch

The benefits of credit monitoring without the hassle. Monitor credit fraud with automated reminders and professional guidance in obtaining and analyzing your credit reports from all three credit reporting agencies. Scheduled throughout the year in order to monitor your credit activity regularly.

Identity Monitoring

With 67% of identity theft cases involving **non-credit fraud**, we proactively screen thousands of public records, national databases, and even underground Internet markets for - true identity theft - using your social security number and name. Includes an Identity Risk Score to rate your susceptibility and help predict identity theft before it occurs.

Full Identity Recovery

In the event your identity is stolen, we provide truly comprehensive recovery for all types of identity theft, not just your credit, continuing to work until your identity has been restored to its pre-theft status. You'll be assigned a trained personal recovery advocate who will set up a personalized recovery plan and then handle everything for you through a limited power of attorney – research, paperwork, disputes, documentation of fraud resolution, and more. We also work with law enforcement to track down your thief and help put them behind bars. Includes \$25,000 identity theft expense reimbursement insurance.

PLUS: Full Legal Services Plan Membership

An incredible benefit with iDefend through a nationwide network of 22,000 attorneys from the Legal Club of America. Free services including simple wills, unlimited phone & face to face conversations, legal document reviews, and much more. Discounted and fixed legal fees for extensive legal matters and representation.

Simplify and Secure Your Life.
